

Lennox Powered by Samsung mini-split systems offer these features:

Variable-capacity operation means unit runs at low most of the time, using only the amount of energy necessary to meet comfort need

Effortless control available in wireless remote or wall-mounted thermostat

Operate and monitor your unit from almost anywhere, anytime through the SmartThings app

	MWLD Single-zone, high-efficiency, variable-capacity, cold climate mini-split heat pump	MWPD Single-zone, high-efficiency, variable-capacity mini-split heat pump	MWHD Single-zone, standard-efficiency, variable-capacity mini-split heat pump
Compliant with 2025 Refrigerant Regulations			
Operating Range	Operates As Low As -22°F	Operates As Low As -5°F	Operates As Low As -5°F

Seasonal Energy Efficiency Ratio (SEER2)

This rating determines an air conditioner or heat pump's efficiency. The higher the SEER2 rating, the more energy-efficient it is.

Heating Seasonal Performance Factor (HSPF2)

A heating efficiency rating for heat pumps. A higher-rated HSPF2 heat pump will result in less energy use and increased energy savings over the life of the system.

Cold Climate Technology

Cold climate technology ensures constant comfort and efficiency, even in extremely cold conditions.

ENERGY STAR® Certified

HVAC equipment with the ENERGY STAR label meets or exceeds federal guidelines for energy-efficient performance.

2025 Compliant Refrigerant

These products are compliant with 2025 EPA regulations for lower global warming potential (GWP) refrigerants. The Lennox choice of 2025 Compliant Refrigerant has a lower GWP than its predecessor and is formulated to provide excellent, reliable performance of your system for years to come.

How does single-stage, two-stage & variable-capacity work?

72°

Single-Stage

Unit is either on or off, creating wide temperature swings.

72°

Two-Stage

Unit runs at either low or high speed, using the lower speed 80% of the time.

72°

Variable-Capacity

Unit runs at low most of the time, using only the amount of energy necessary to meet comfort need.
